

Why try Bowls?

"Playing bowls has enabled me to find **new friends** whilst enjoying a new sport in the outdoors:"

Bowls is a social sport which enables participants to get to know each other while playing in a team or during friendly competition.

All you need to do is turn up and have a good time.

"I got to try the sport out before joining the club with some free training and discovered it's a sport for old and young alike:"

Our club gives new members free coaching and will lend equipment before joining. All you require is a pair of flat shoes.

"It's great to be able to just socialise with friends whilst playing a sport outside without the pressure to compete in Competitions:"

You can play bowls socially to make new friends, you do not have to play competitively. Keep active and enjoy!

What we offer

A warm and helpful welcome. To talk about our club, bowling our facilities and more details of what we are about. You'll even get a cup of tea.

A picturesque green, probably the most attractive one in the Borough! The turf is maintained by specialist green keepers in liaison with our own green manager. We do some maintenance ourselves but the bowling surface is left to the experts.

Easy parking is adjacent to the premises and allocated spaces are available for disabled bowlers.

Games and indoor activities run throughout the year.

Travel, by coach or car, to away matches, some of them at the coast.
